

# Got Sun?

## Should you consider Solar Electric?

**The Attleboro Area Sustainability Action Project  
presents a panel discussion on the  
solar installation process on  
Wednesday, May 16, 2012  
6:30 - 8:30 PM  
Attleboro Public Library**

**The presentation will explain how homeowners with a sunny site can benefit from financial incentives. Various means of financing a solar photovoltaic installation will be explained. Homeowners who have had solar panels installed will relate their experience. After the presentation is completed, there will be time for you to ask your questions. The panelists will be three homeowners from Attleboro and Wrentham and representatives from two solar installation companies.**
